Officials of Zebpay, Unocoin, Coinsecure and Searchtrade will be the board members; Appoints Nishith Desai to develop self-regulations

Bitcoin start-ups Zebpay, Unocoin, Coinsecure and Searchtrade jointly launched Digital Asset and Blockchain Foundation of India (DABFI) for the orderly and transparent market. Nishith Desai Associates, an international law firm has been appointed to develop self-regulations for the industry.

A committee spearheaded by Saurabh Agrawal, CEO of Zebpay has been constituted with members comprising Sandeep Goenka (Zebpay), Mohit Kalra (Coinsecure), S. Harish B.V. (Unocoin) and Vishal Gupta (Searchtrade), Rashmit Gupta (Searchtrade).

DABFI will lay down self-regulatory regimes for trading of bitcoins and other blockchain based digital assets. They will also standardise KYC/ AML/ STRS norms for the n this, the organization will build credibility and create awareness about the benefits and risks of CC, liaise with regulators and get clarity on taxation, attract investment startups, build global relations and actively engage with International community, create a public website and regularly print reports on and around bitcoins and block

Addressing the media Saurabh Agrawal said, "This organization aims to drive education and create market for blockchain and bitcoin in the Indian market which is now Our vision would be to work with regulators and develop strong framework for our industry to provide required impetus for the growth of the industry."

Providing legal support to this organization, Nishith Desai said, "Bitcoin and other crypto currencies (CC) have tremendous benefits for most marginalised people, mer regulatory authorities. It has better price discovery, is anti-inflationary and the transactions are irreversible.

Under the current banking system the poor, currently pay heavy transaction fees for sending small amounts of money to their families in rural areas. In contrast, there transactions. So the current system is loaded in favour of the rich.

The CC also helps merchants as the transactions have instantaneous settlement, irreversible and for the customers it is more secured. Globally the demand for CC is ir the coming years, several countries may stop printing their own money and adopt CC's such as Bitcoin as their legal tender.

On the other hand, Bitcoins and virtual currencies, just like any other cash, are known to be also used for illicit purposes. The virtual currency transactions are more tr gets more highlighted than its benefits."

Saurabh Agrawal added, "It is absolutely important to check the 'bad' use of CC. Industry has to play an important role in shaping the future of CC and blockchain. Almc declared Bitcoins or CCs as per se illegal. And therefore we (DABFI) believe that it is our responsibility to self-regulate itself strictly to check any 'bad' use of the new sys authorities and create awareness about the benefits of CC."

Sathvik Vishwanath of Unocoin says the price of Bitcoin has gone up from 450 USD per Bitcoin in February 2016 to 1100 USD in February 2017 Per Bitcoin. DABFI would do not understand the digital currency market not to be lured into trading Bitcoin as it is volatile."
